Prislister

Google App Engine

Resource	Unit	Unit cost (in US $)
Standard Runtime Instances[*]	Instance hours	$0.05
Outgoing Network Traffic	Gigabytes	$0.12
Incoming Network Traffic	Gigabytes	Free
Datastore Storage	Gigabytes per month	$0.18
Blobstore, Logs, and Task Queue Stored Data	Gigabytes per month	$0.026
Dedicated Memcache	Gigabytes per hour	$0.06
Logs API	Gigabytes	$0.12
SSL Virtual IPs[**] (VIPs)	Virtual IP per month	$39.00
Sending Email, Shared Memcache, Cron, APIs (URLFetch, Task Queues, Image, Sockets, Files, Users, and Channel)		No Additional Charge

[*] Frontend and backend instances cost the same. Price may vary based on the performance settings associated with a service.

[**] SNI SSL certificate slots are offered for no additional charge.

Pris tabell 1. Prisen for å holde en applikasjon kjørende i Google App Engine, etter den daglige kvoten er utløpt.

Cloud SQL

Resource	Charge
D0 Database Instance (0.125GB RAM)	$0.025 per hour
D1 Database Instance (0.5GB RAM)	$0.10 per hour
D2 Database Instance (1GB RAM)	$0.19 per hour
D4 Database Instance (2GB RAM)	$0.29 per hour
D8 Database Instance (4GB RAM)	$0.58 per hour
D16 Database Instance (8GB RAM)	$1.16 per hour
D32 Database Instance (16GB RAM)	$2.31 per hour
1GB Storage	$0.24 per month
I/O	$0.10 per Million

Pris tabell 2 Cloud SQL Første Generasjon prisliste. Denne listen inneholder alt man trenger av priser for å kjøre en CLoud SQL database. Til dette prosjektet benyttes en D0 Database Instance, hvor det er mulig å forandre fortløpende.

Dersom man overstiger 450timer per måned lønner det seg å gå over på en pakkeplan.

Packages Billing Plan

The following packages are available:

Tier	RAM	Included Storage	Max Storage more info	Included I/O per Day	Charge per Day	Maximum Concurrent Connections
D0	0.125GB	0.5GB	500GB	200K	$0.36	250
D1	0.5GB	1GB	500GB	850K	$1.46	250
D2	1GB	2GB	500GB	1.7M	$2.93	250
D4	2GB	5GB	500GB	4M	$4.40	500
D8	4GB	10GB	500GB	8M	$8.78	1000
D16	8GB	10GB	500GB	16M	$17.57	2000
D32	16GB	10GB	500GB	32M	$35.13	4000

Pris tabell 3 Cloud SQL pakkeplaner, dette kan være nyttig dersom man overstiger 450timer per måned.
